Others Present: A. Aka, M. Brennan, J. Eisenbrey, C. Eliassen, D. Gregor, P. Jackson, J. Johnstone, K. Knight, S. McVay, B. Maxwell, B. Motyl, B. Mooney, A. Penney, B. Scoglietti, C. Stewart, Rep. D. Short and members of the press.

Opening Business: Mr. Martin called the meeting to order at 3:00 p.m.

The minutes from the May meeting were approved as submitted.

Expenditure Subcommittee:

Mr. Ratledge presented the Expenditure Subcommittee's report.

In his review of the Balance Sheet estimate, Mr. Ratledge noted that the FY 2015 Appropriation limit is \$4,073.5 million. He said that June estimates for Continuing, Reversions and Encumbered stood at \$170.0 million, \$35.0 million and \$40.0 million respectively. As a result, the FY 2015 expenditure estimate stood at \$3,828.5 million, representing an increase of 0.9% over the previous fiscal year. (See Table 1a for complete details).

In his review of the Functional method, Mr. Ratledge indicated that minor changes have been made to most expenditure categories. More specifically, the estimate for Health Care has been increased by \$1.6 million from the May estimate, while the Pension estimate has been raised by \$1.2 million and Medicaid by \$2.0 million. Meanwhile, the estimate for Contractual Services has been reduced from May's estimate. (See Table 1b for complete details).

A motion was made, seconded and approved to accept \$3,828.5 million as the expenditure estimate for FY 2015. The estimate represents an increase of \$9.0 million from May.

Revenue Subcommittee:

Mr. Lewis presented the Revenue Subcommittee's report.

Economic Outlook

Mr. Aka presented the IHS Global Insight's U.S. macroeconomic assumptions and forecasts, as well as Delaware economic forecasts. When it comes to the national economy, he pointed out that IHS real GDP forecasts are lower than in March on the back of dismal first-quarter economic performance. On the other hand, forecasts for Wages and Salaries as well as Personal Income—which were broadly unchanged from March—have remained strong, reflecting robust fiscal year-to-date growth rates. With respect to Delaware's economy, Mr. Aka noted downward revisions in the estimates for Employment, Personal Income and Wages and Salaries from their March values.

Mr. Lewis mentioned that the outcome of the Federal Reserve's September meeting is still uncertain. He also expressed concerns about the high level (3.75%) of interest rate (federal funds rate), which is expected by IHS at the end of 2017. Mr. Lewis said that in a scenario in which the Fed raises the policy rate by 0.25% in September and leaves it unchanged for many months, IHS' interest rate assumption will not hold.

Mr. Dixon agreed with Mr. Lewis. He also noted a steepening in the yield curve in recent months. Mr. Dixon said that a rapid interest rate hike by the Fed could flatten the yield curve and slow lending from the banking sector. He noted that a reversal in the yield curve has always been a strong indicator for a recession. Mr. Dixon did not expect such a reversal to take place over the next several years. He stressed that the pace of rate hike is important, and did not expect a rapid increase in the rates, which should benefit the U.S. economy in coming years.

Mr. Hindes and Mr. Dixon both agree that IHS federal funds rate assumption would imply significantly higher long-term rates at end-2017, which could affect mortgages and corporate borrowing. Mr. Dixon also indicated that a sudden surge in inflation could lead to a faster pace of interest rate hikes by the Federal Reserve.

General Fund Revenues - Fiscal Year 2015:

The Revenue Subcommittee recommended the following updates to May's estimates:

Revenue Category	May-15	Jun-15	Change
Corporation Income Tax	250.0	292.0	42.0
Abandoned Property	529.0	515.0	(14.0)
Personal Income Tax	1,431.0	1,444.5	13.5
PIT Refunds	(205.0)	(198.0)	7.0
Other Refunds	(86.8)	(82.0)	4.8
Bank Franchise Tax	92.6	95.2	2.6
Lottery	203.1	201.0	(2.1)
Limited Partnerships & LLC's	242.1	243.8	1.7
Gross Receipts Tax	217.9	216.5	(1.4)
Insurance Taxes	52.8	54.2	1.4
Other Revenues	118.6	117.8	(0.8)
CIT Refunds	(39.0)	(38.5)	0.5
Realty Transfer Tax	73.9	73.5	(0.4)
Uniform Commercial Code	17.7	18.0	0.3
Public Utility Tax	48.0	47.7	(0.3)
Dividends and Interest	2.6	2.8	0.2
Franchise Tax Refunds	(9.0)	(9.1)	(0.1)

For a complete listing of FY 2015 estimates, see Table 2.

Discussion of FY 2015 Estimates:

Net Personal Income Tax: Mr. Lewis indicated that the large increase in the estimate reflected both tracking changes and a robust jump in Final settlements, which was largely due to processing backlogs that delayed the

recognition of receipts. He also noted that the lower PIT Refunds estimate was due to the correction of an accounting error.

Corporate Income Tax: Mr. Lewis said that the large increase in the estimate can be traced to tracking strength and the timing of an audit settlement that had been expected in the next fiscal year.

Abandoned Property: Mr. Lewis noted a large decrease in the estimate. He explained that claims for abandoned property have been higher-than-anticipated, as DOF continues to perform due diligence searches to locate holders with securities that have been escheated to the state.

Bank Franchise Tax: Mr. Lewis indicated that the increase in the estimate was partly due to moving some FY 2016 funds into the ongoing year.

Other changes were attributed to tracking.

FY 2015 Estimate Adopted:

A motion was made, seconded and approved to accept the Revenue Subcommittee's recommendation of \$3,929.6 million as the revenue estimate for FY 2015.

The estimate represents a \$54.9 million increase from DEFAC's May estimate.

General Fund Revenues - Fiscal Year 2016:

The Revenue Subcommittee recommended the following updates to May's estimates:

DEFAC Minutes June 15, 2015 Meeting

Revenue Category	May-15	Jun-15	Change
Corporation Income Tax	235.0	207.0	(28.0)

Realty Transfer Tax	65.5	65.2	(0.3)
Public Utility Tax	46.0	45.7	(0.3)
Uniform Commercial Code	17.9	18.0	0.1

For a complete listing of FY 2016 estimates, see Table 2.

Discussion of FY 2016 Estimates:

Personal Income Tax: Mr. Lewis reported an increase in the estimate, reflecting the carrying forward of changes made in FY 2015.

Corporate Income Tax: Mr. Lewis reported that most of the decrease in the estimate reflects the recognition of audit receipts in fiscal year 2015 that were originally expected to settle in FY 2016.

Bank Franchise Tax: Mr. Lewis indicated that the decrease in the estimate was due to outflow of funds to the ongoing year.

Other Refunds: Mr. Lewis stated that the increase in the estimate reflected higher refunds for Abandoned Property.

Mr. Lewis reported that all other changes reflected the carrying forward of changes made in FY 2015 and maintaining previous growth rates.

Mr. Link asked why PIT Withholding was posting strong growth rates in coming years in light of downward revisions in the estimate for Delaware Wages and Salaries. Mr. Lewis answered that the state's income tax collections do not correlate very well with the BEA Personal Income data. He also indicated that Delaware's withholding collections can be thought of as a leading indicator for the BEA Personal Income series. Mr. Gregor added that the economic presentation compared forecasts made in March and June, with the June forecast taking into account additional data that have been received after March.

In response to a question from Mr. Link about a time series showing Delaware's Wages and Salaries and Withholding, Mr. Lewis said that data revisions might need to be captured too. Mr. Ratledge added that the large cross-border movement is also periodically re-estimated by the BEA.

Rep. Hudson asked whether there are any outstanding payments that are due and may be collected in the next two weeks. Mr. Cook answered that the day of the meeting (June 15) represented the due date for Corporate Income Tax, and that staff of the Department of Finance have been tracking the numbers. Moreover, he indicated that the Department is in the process of selling securities to meet the Abandoned Property revenue estimate.

FY 2016 Estimate Adopted:

A motion was made, seconded and approved to accept the Revenue Subcommittee's recommendation of \$3,867.8 million as the revenue estimate for FY 2016.

The estimate represents a decrease of \$20.9 million from the May estimate.

For information purposes, Mr. Lewis reported that the FY 2017 revenue estimate is \$3,871.4 million. The estimate represents an increase of \$14.1 million from DEFAC's May estimate.

Mr. Lewis pointed out that, after adjusting for the revenue resolution, both FY 2015 and FY 2016 revenue estimates made in June 2015 fall within 1.0% of the estimates made in June 2014. Ms. Visalli noted that, based on this meeting, there is still a budgetary shortfall, when compared to the latest budget recommended by the Governor. She pointed out both FY 2016 and FY 2017 revenue estimates are below the FY 2015 estimate in absolute value. Ms. Visalli also added that the revenue increase between FY 2017 and FY 2016 is less than \$4.0 million when yearly expenditure increases are well above \$4.0 million.

Balance and Appropriations Worksheet: Mr. Gregor presented the Balance and Appropriations worksheet. The result of this exercise is attached as Table 3.

Transportation Trust Fund (TTF)

TTF -- Expenditures: Mr. Motyl presented the Transportation Trust Fund's expenditure forecast.

State Operations Expenditure: There was no change from the May estimate

of \$351.0 million.

State Capital Expenditure: Decreased from \$150.0 million in May to \$145.0 million.

Federal Capital Expenditure: Decreased from \$250 million in May to \$235.0 million.

GARVEE – US301 Capital Expenditure: There was no change from the May estimate of \$8.2 million.

A motion was made, seconded, and approved to accept \$739.2 million as the FY 2015 TTF expenditure estimate. The estimate represents a reduction of \$20.0 million from May's estimate. (See Table 4.)

TTF -- Revenues: Mr. Motyl presented the Transportation Trust Fund's revenue forecast.

FY 2015 Estimates:

Toll Road Revenues: There was no change from the May estimate of \$178.4 million.

Motor Fuel Tax Administration: Increased from \$119.8 million in May to \$121.3 million. Mr. Motyl attributed the increase to exceptionally strong fuel consumption.

Division of Motor Vehicles: Decreased from \$172.7 million in May to \$171.4 million. Mr. Motyl attributed the change to a tracking weakness.

Other Transportation Revenues: There was no change from the May estimate of \$13.8 million.

A motion was made, seconded, and approved to accept \$484.9 million as the FY 2015 TTF revenue estimate. The estimate represents an increase of \$0.2 million from May's estimate.

FY 2016 Estimates:

The following changes were made from the May estimate.

Toll Road Revenues: There was no change from the May estimate of \$180.6

million.

Motor Fuel Tax Administration: Increased from \$118.8 million in May to \$120.3 million.

Division of Motor Vehicles: Decreased from \$177.8 million in May to \$176.5 million.

Other Transportation Revenues: There was no change from the May estimate of \$14.0 million.

In response to a question from Mr. Link about blending TTF revenues and expenditures together, Mr. Motyl explains that about \$23.0 million have been added to the FY 2015 revenues and that revenues are growing at around 1.3% in the out-years. He added that the Capital program is a declining program as revenue growth is outpaced by growth in Operations. Mr. Davis indicated that the revenue figures do not take into account the federal funds that are including in the expenditure data. Adding the federal funds will show a balanced TTF budget. Mr. Martin said that perhaps a presentation that takes into account Mr. Link's suggestion could be made available to the Council in September.

A motion was made, seconded, and approved to accept \$491.4 million as the FY 2016 TTF revenue estimate. The estimate represents an increase of \$0.2 million from May's estimate. (See Table 5.)

Other Business:

FY 2016 Debt Limit: Mr. Gregor presented the debt limit for FY 2016. This amount is equal to 5% of projected FY 2016 revenues or \$193.39 million

Mr. Martin announced the next scheduled DEFAC meeting dates:

- September 21, 2015
- December 21, 2015

Mr. Martin says that the September Subcommittee meeting will start at 12:00 p.m. The December Subcommittee meeting will start at 1:00 p.m.

Mr. Simpler suggested the implementation of an outside (public) policy statement for each DEFAC meeting. Mr. Martin said Mr. Simpler's suggestion is an excellent one and will be taken under consideration.

There being no further business, Mr. Martin adjourned the meeting at 3:53 p.m.

Respectfully submitted,

Arsene Aka
